**Critical Thinking Questions –
A Strange Trial**

1. Alice finds herself in a world where the rules seem confusing and the characters behave strangely. Do you think Alice is truly confused, or is Wonderland itself unreasonable? Support your opinion with evidence from the play.
2. Imagine you are the judge in the trial. Based on the behaviour of the King, Queen, White Rabbit and Alice, what qualities should a fair judge have, and how would you conduct the trial differently to ensure that justice is done?
